Subject: Supplemental Environmental Projects - Accord Pueblo Outreach: Storm Water Sampling Equipment Transfer to Pueblo of Santa Clara

Dear Mr. Chavarria:

A Settlement Agreement and Stipulated Final Order (Settlement Agreement) between the New Mexico Environment Department (NMED), U.S. Department of Energy (DOE), and Los Alamos National Security, LLC (LANS), collectively, the Parties, for the purposes of resolving Compliance Order No. HWB-14-20 (the Compliance Order), issued on December 6, 2014, related to Los Alamos National Laboratory (LANL) resulted in the development of five Supplemental Environmental Projects (SEPs). One of these SEPs is the Accord Pueblo Outreach.

The outreach subproject is intended to share skills, knowledge, and technologies associated with storm water sampling and monitoring with Accord Pueblos (Santa Clara, San Ildefonso, Jemez, and Cochiti). This SEP provides outreach opportunities so that the Accord Pueblos can establish new or improve existing sampling and monitoring capabilities. The technology transfer element of this SEP includes providing storm water sampling equipment to each of the participating Accord Pueblos.

A form documenting acknowledgment of transfer and receipt for storm water sampling equipment transferred from LANL, Environmental Protection and Compliance Division to the Pueblo of Santa Clara
